

ELITE IRON

WEAPON AND SUPPRESSOR SOLUTIONS OF A HIGHER CALIBER

REVOLUTION™ BIPOD USER MANUAL

INTRODUCTION

With the REVOLUTION™ BIPOD, a rifle can revolve 360° on the inner race inside the mount. So a stable shot can be taken at any degree of rotation while maintaining the two axis of motion control, side-to-side and up-and-down. That position can be held by locking it in place by tightening the Tri nut on the mount.

INSTALLATION

The REVOLUTION™ BIPOD is to be mounted on the rifle with leg latches facing the shooter. This allows for easy adjustment of leg length. Different mounts are available to integrate the REVOLUTION™ BIPOD with multiple weapon systems.

ADJUSTMENT

The Tri nut located at the base of the ring is for locking cant of rifle in the REVOLUTION™ BIPOD.

For the Panning model of the REVOLUTION™ BIPOD the tension adjusting bolt on the top of the saddle can be adjusted for each shooter's preference in tension using a T27 Torx wrench. REVOLUTION™ BIPOD's are shipped with this bolt fully tightened.

CLEANING

To clean the BIPOD race remove the serrated lock ring by turning counter clockwise and slide the ring off. Clean both race surfaces with a clean rag and apply any type of waterproof grease. Reassemble.

A drop of oil can be applied to the leg extensions or leg attachment if the operator so desires.

FOOT REPLACEMENT

The REVOLUTION™ BIPOD feet can be swapped out with other styles. The retaining bolts do not require Loctite.

Extend the leg extension all the way and place extension in a padded vise.

Unscrew foot bolt, remove foot. Installation is the reverse of removal.

Failure to secure leg extension before foot removal will cause damage to the extension and cause malfunctioning of part. Improper foot replacement is not covered under our warranty.

WARRANTY

The REVOLUTION™ BIPOD comes with a 1 year limited warranty:

Elite Iron has in place a very rigid manufacturing and assembly process in building the highest quality Bipods. Our Bipods are warranted to be free from defects both in materials and workmanship for one year during normal use. If the need to have the Bipod inspected or serviced at any time, when determined that the product is at fault, we will repair the product free of charge.

This warranty does not cover damage to either the REVOLUTION™ BIPOD or host weapon resulting in whole or in part from: use in a criminal act, negligence or abuse, any type of modifications, or careless handling. Elite Iron assumes no liability for damages or bodily injury caused by the above mentioned conditions. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

All parts for the REVOLUTION™ BIPOD are replaceable and available from Elite Iron.
